**COMBINED DECLARATION AND POWER OF ATTORNEY
FOR PATENT AND DESIGN APPLICATIONS**

As a below named inventor, I hereby declare that: my residence, post office address and citizenship are as stated next to my name; that I verily believe that I am the original, first and sole inventor (if only one inventor is named below) or an original, first and joint inventor (if plural inventors are named below) of the subject matter which is described and claimed in patent number 6,329,119, granted December 11, 2001, and for which a reissue patent is sought on the invention entitled:

the specification and a preliminary amendment of which are attached hereto. If not attached hereto, the application is identified by the attorney docket number as set forth above and/or the following:

Specification

The specification was filed on _____ as
reissue application number _____;
and amended on _____ (if applicable)

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in Title 37, Code of Federal Regulations, §1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent

☐ by reason of other errors

At least one error upon which reissue is based is described below. If the reissue is broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The reissue is a broadening reissue. In present claim 1, A in the basic compound of formula (I) can be literally understood to be bivalent aliphatic hydrocarbon residue which may be optionally interrupted by imino group, by sulfide group, or by disulfide group. The interpretation is not the applicant's intention, therefore claim 1 must be amended. Claim 1 is to be amended to allow A to also represent a "sulfide group" and/or a "disulfide group".

I hereby appoint the practitioners at CUSTOMER NO. 2292 as my attorneys or agents to prosecute this application and/or an international application based on this application and to transact all business in the United States Patent and Trademark Office connected therewith and in connection with the resulting patent based on instructions received from the entity who first sent the application papers to the practitioners, unless the inventor(s) or assignee provides said practitioners with a written notice to the contrary:
